

National Agency For Crime Prevention
Execution of Non-custodial Sentences and
Probation

PROBBOX - Georgia's Innovation Providing
Electronic Control and Services to Probationers

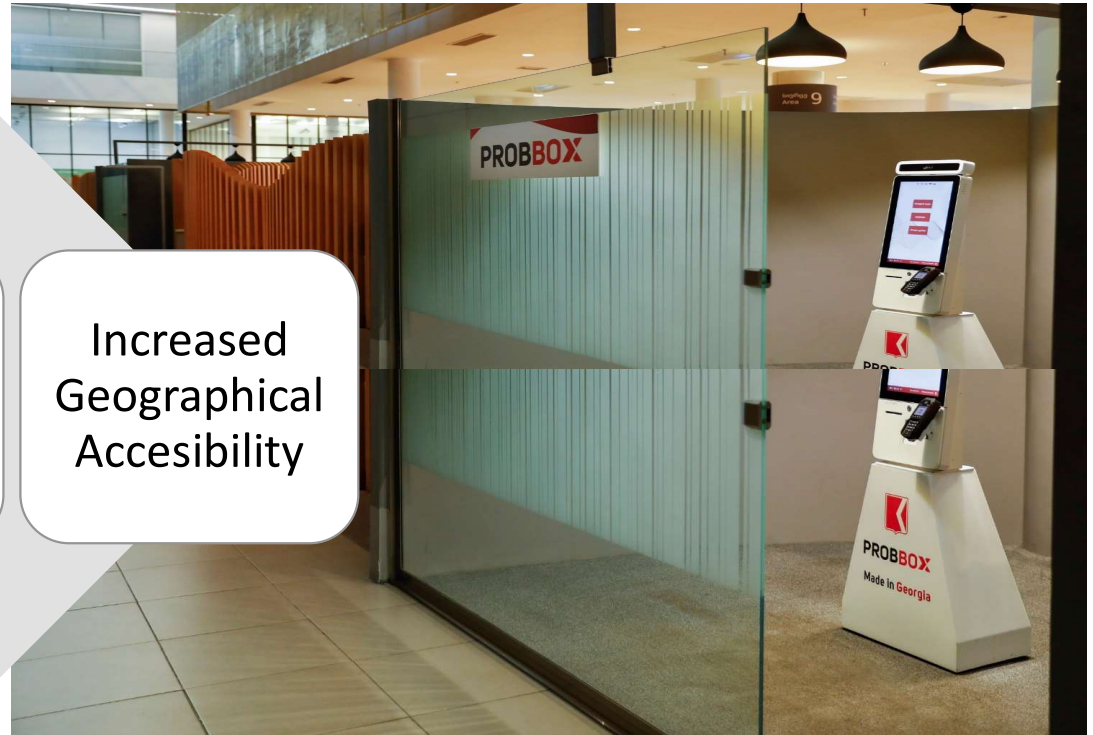

Buba Lomuashvili, Deputy Minister of Justice of Georgia

PROBBOX – Georgia’s Innovation

Increased
Anonymity of
Probationers

Control and
Services in
One-Shop
Stop

Increased
Geographical
Accessability

For the first time in Europe, the control of probationers and provision of their services, along with probation bureaus, has become possible in the premises of other organizations.

PROBBOX – Pushing Georgia’s Probation Forward

With PROBBOX, Georgia started a large-scale reform of its probation system, caused by two key factors:

Need to
Increase
Anonymity of
Probationers

Lack of
Probation
Offices in
Certain
Municipal
Locations

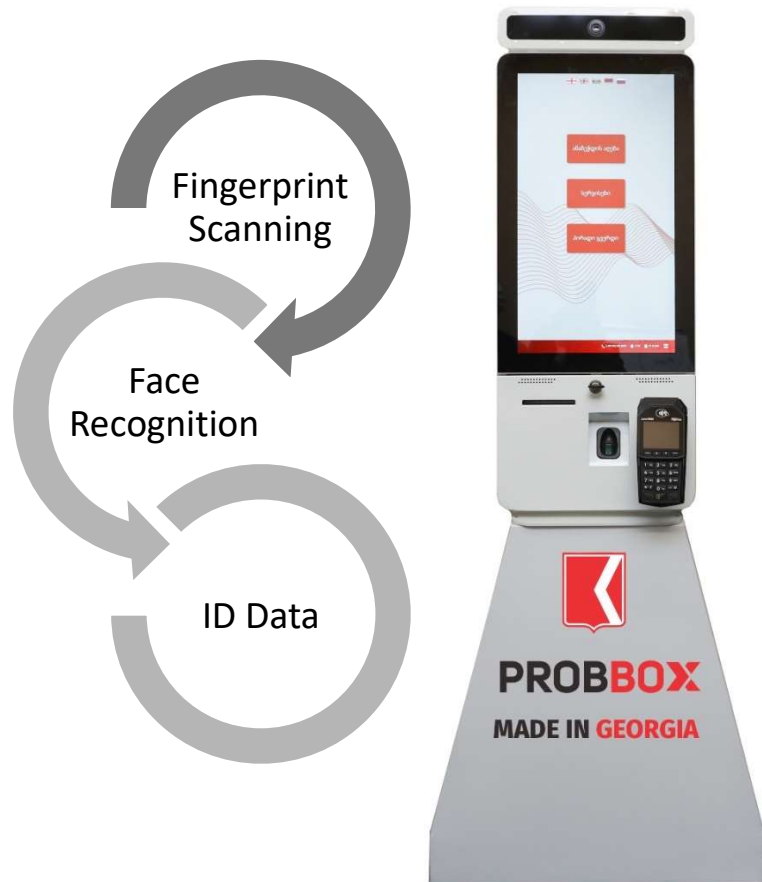

PROBBOX –

Minister of Justice of Georgia, Rati Bregadze opening PROBBOX presentation on December 21, 2021.

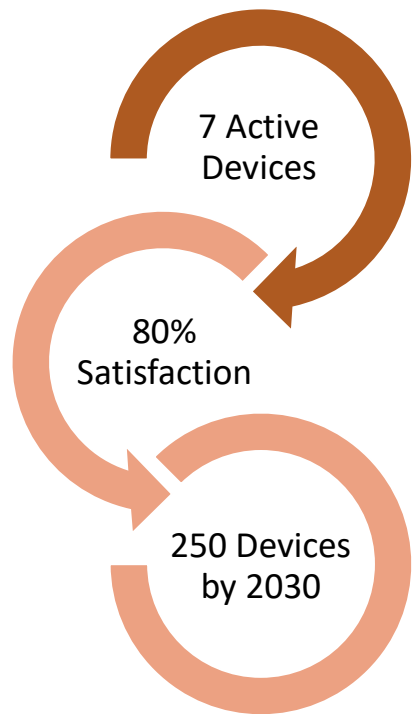

PROBBOX – 3 Levels of Authentication, Georgian-made Software

- Services and employment proposal
- Information on revocation of probation
- Information on removal of conviction
- Payment of fee for travel abroad permission
- Application submission on mitigation of regime
- Payment of fee for mitigation of regime
- Payment of house arrest service fee
- Payment of fine for violation of regime
- Data and notifications of probation officer
- Booking a video call with an imprisoned convict

PROBBOX – 3 Levels of Authentication and Services

- ! INL will be supporting procurement of PROBBOX devices in Georgia.
- ! Number of Georgia's partner countries have expressed interest in implementing PROBBOX.
- ! In order to implement PROBBOX, a foreign country should ensure, on the legislative basis, provision of electronic registration and control of the probationers (fingerprint or/and face recognition technologies) and the establishment of a digital probation database, which will be linked to the device after its procurement/installment.

The slide features two large, stylized geometric shapes on the left and right sides. The left shape is composed of several overlapping light gray triangles and trapezoids. The right shape is more complex, featuring a prominent red diagonal band that crosses over several light gray geometric elements. The central text is positioned between these two shapes.

მადლობა!

Thank you!
