COMMUNITY-BASED SUPERVISION

Collecting data and sharing practices from around the world¹

Our initial data collection efforts seek to document if countries² have community supervision practices in place (**Yes**, **No**, **In-Design**, or **Unknown**), key highlights³ and related links for these countries about their efforts. Below, select and expand any of the regions to see what we've learned about countries from that area.

Status Summary	Number	Percentage
YES - Community-based supervision is offered	103	53%
No - Supervision is not offered at this time within the community	10	5%
In-Design - Programs are currently being designed but not offered	4	2%
Unknown - Information is not yet available	78	40%
